Letter of Support

With reference to the "Letter of interest", Swedish University of Agricultural Sciences, SLU, June 15, 2012, signed by Vice-Chancellor Lisa Sennerby Forsse, we hereby confirm that the Swedish Association for Hunting and Wildlife Management (SAHWM) strongly support Sweden and SLU to host the XXV IUFRO World Congress 2019.

Should this come about, SAHWM is also prepared to take active part in organizing and conducting the Congress, in cooperation with SLU and other engaged parties. SAHWM will be happy to share the knowledge and experience, concerning wildlife and multi-purpose management of the landscape, which is present among our 100 employees and 6000 officials. We would also be very happy to arrange excursions and workshops on our Nordic wildlife management center at Öster Malma, 80 kilometers from Stockholm.

SAHWM has had the public commission from the Swedish government, to manage and monitor the Swedish wildlife, since 1938 and thereby we are convinced that we, together with other engaged parties, will have extraordinary possibilities to arrange interesting and high quality arrangements with a very high scientific status during such a congress.

Yours sincerely

Bo Sköld, Secretary-General

Daniel Ligné, Director of Game management
